3-11-2020	<p>Dear Mr. Michael Fosmire,</p> <p>Thank you for your notification regarding my article. Following your suggestion, I would like to reformulate my manuscript based on STEM components hoping it to be kindly reconsidered for review.</p> <p>Best regard</p> <p>Retno Sayekti</p>
2-11-2020	<p>Retno Sayekti:</p> <p>Thank you for your submission. We appreciate your interest in publishing with Issues in Science and Technology Librarianship. Unfortunately, your manuscript, "Electronic Learning and the Role of Liaison Librarians in Higher Education," is not within the scope of ISTL. Articles in our journal must have a substantive STEM library or librarianship component.</p> <p>Your manuscript does not seem to have that sci-tech librarianship component...if you can reformulate your manuscript to focus on issues of particular interest to STEM librarians, we can reconsider reviewing it.</p> <p>Therefore, our decision is to: Decline Submission.</p> <p>Best of luck finding an appropriate venue to publish your article,</p>
