 Dear Editor(s),

We wish to submit an original research article entitled **"Analyzing the Acceptance of Digital Library System by Students and Librarians"** for consideration by the **Library Philosophy and Practice (e-journal)**.
We confirm that this work is original and has not been published elsewhere, nor is it currently under consideration for publication elsewhere.

The final conclusion of this article suggests that librarians need to re-evaluate and adjust to the demands and current standards of the information system used in the library and the policymakers should pay serious attention to the current system in use and conduct regular reviews to ensure the system runs as expected.

 Attached is our manuscript.

We have no conflicts of interest to disclose.

Please address all correspondence concerning this manuscript to me at
retnosayekti69@uinsu.ac.id.

Thank you for your consideration of this manuscript.

Sincerely yours,

Retno Sayekti
