

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents the conclusions of the research and suggested results in using the strategy Mahir Hafalan Bahasa Inggris Application on the students' simple past tense mastery.

A. Conclusion

After the researcher conducted research and based on the test results, the researcher found that there was a significant increase in students' mastery of the simple past tense when taught using the Mahir Bahasa Inggris Application strategy. The results showed that the value of t count was 3,105 while t table is 2,46714 (observed $>$ t table, $3.105 > 2,46714$). Therefore, H_a is accepted and H_o is rejected. Or if t count is greater than t table So, it can be concluded that there is a significant effect of the Mahir Hafalan Bahasa Inggris Application proficient memorization strategy on the mastery of the simple past tense of class VIII Mts Lab UINSU Medan.

B. Suggestion

Based on the research finding, the researcher, the researcher tries to give some suggestion after finish the researcher. The suggestions are listed below:

1. For the English Teacher

- a. There are many strategies in teaching English to students, one of which is the proficient method of Mahir Hafalan Bahasa Inggris Application.
- b. As an English education teacher, the teacher must take advantage of digital technology which has now become a trend among a wide audience.

2. For the Students

Researchers strongly recommend this application to be used to learn and hone English skills, because there are a lot of materials contained in the application.

3. For the Other Researcher

It is recommended to be able to conduct research using the factors that influence learning English in the similar topic. Hopefully, with more researches, the result will be more useful to improve the English learning process.
