

CHAPTER V

CONCLUSION AND SUGGESTIONS

A. Conclusion

The result of data analysis, it was found that two stay two stray strategy significantly affects students' reading comprehension, since the $t_{obs} > t_{tables}$ ($p=0.05$) $df(38)$, or $6.500 > 1.68$ ($p=0.05$) $df(38)$. The using of two stay two stray strategy in teaching reading comprehension in the classroom enables the students to read systematically and guide to read the text to find information both explicitly and implicitly stated. Refer to the findings of the study, it is derived that the students who were taught reading comprehension by two stay two stray strategy have higher ability than the students who were taught by two stay two stray strategy. In other words, two stay two stray strategy gave significantly effects to the students' ability at reading comprehension, as they more systematic to read the text to comprehend the contents of the text.

B. Suggestions

Related to the conclusion above, some suggestion are stated as the following:

1. To the principle of MTs Al-Ikhwan Serapuh ABC, it is good to motivate the teachers, especially English teacher to teach the students by two stay two stray strategy, because the method is effectively can increase the students' reading comprehension.

2. To the English teacher, it's suggested to use the two stay two stray strategy as one alternative strategy to improve the students' reading comprehension.
3. For the students, it is expected to more reading comprehension by using two stay two stray strategy so it can be easier for them to reading comprehension. By two stay two stray this strategy, the students' can be more active during learning process.
4. For the principal, suggested to motivate the english teacher to use this strategy in order to improve the quality of teaching learning process.
5. For the researchers who are intersted to conduct the same topic are suggested to be more creative in implementing this strategy so that the perfect result could be achieved

Finally, the researcher hopes this research can give a valuable contribution and can give benefit to anyone who needs information about this topic.
