

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents conclusion and suggestion.

A. Conclusion

Based on the result finding, it can be concluded that there was significant difference score in speaking of the students taught by watching documentary movie and those taught by using script video tenth grade of MAN Simalungun. The students' result of test in speaking by watching documentary movie was very good. The mean score of experimental class was 76,14 meanwhile control class was 66,57. From the independent test result, the Sig. (2-tailed) $0,000 < 0,05$. It can be concluded that H_0 was rejected and H_a was accepted.

Based on the result above, there were significance difference between the score of students' in experimental class and control class. It means that watching documentary movie can be used in the learning English process.

B. Suggestion

Based on doing the research about watching documentary movie on students' speaking skill, there are some suggestion for teachers, students, and another researchers that which has some similarities with this study.

1. The students who still low about their speaking, this method can help students improve their speaking skills. Students can get used to seeing and listening to English. Watching documentaries can be done by the students themselves.

2. In the learning process as a teacher must have a variety of ways so that the lessons to be conveyed can be understood by students'. One that can be applied by teachers is technology integration language learning. By utilizing technology such as watching movies. The application of this media is very interesting for student learning. This helps students listen to English and then they imitate it. Their speaking ability can be improved.
3. In this study, researchers used the Documentary movie to know about speaking skill. The researcher knows that this research is still not perfect, it is recommended for further researchers to conduct further research on similar research, especially by using Documentary movie for test other aspects of skills in English such as, like speaking.
