#### **Abstrak**

*This study aims to determine the form of parental concern for children in terms of implementing the values of Islamic religious education in Pulau Kampai Village, Kec. Kab. Langkat Kec. Pangkalan Susu. This qualitative descriptive research, data collected through observation, interviews and documentation. The results of the study show that the form of concern that parents do for their children is guiding their children by taking direct action and participating in practice not only ordering, paying attention to children's learning,*
